# pH POWER PELLETS®

## for JJM® Acidic Condensate Neutralizers

Founded in 2005, JJM® is the leading designer and manufacturer of condensate neutralizer solutions used in the heating and plumbing industries. We offer the broadest portfolio of solutions for the safe treatment of acidic condensate produced by today's condensing, high-efficiency heating appliances.

### WHY JJM®

- Products are purpose-built and designed to perform in the heating and plumbing industries
- Trusted by leading engineers, contractors, and service technicians
- Broadest portfolio of solutions for every residential and commercial installation
- Pioneer in the industry with nearly 20 years experience

pH Power Pellets® media can only be used in JJM® neutralizers.

Sale or use of pH Power Pellets® in any other product is strictly prohibited. Scan the QR code to learn more about the pH Power Pellets®.

## Exclusive to JJM®

### CRITICAL PART OF THE JJM® SOLUTIONS

- JJM® neutralizers are designed and sized as a complete solution with only pH Power Pellets® media.
- pH Power Pellets® are non-toxic and shelf-stable, with magnesium hydroxide as the active ingredient.

### EXCLUSIVE TO JJM® NEUTRALIZERS

- Only JJM® neutralizers use our pH Power Pellets®, the proprietary neutralizing media found exclusively in JJM® products.
- pH Power Pellets® are long-lasting and won't "waste away" into silt like other neutralizing media.

### MAINTAIN COMPLIANCE WITH REGULATORY CODES AND PROTECT THE ENVIRONMENT

- pH Power Pellets® refills ensure the safe treatment of acidic condensate in compliance with industry, federal, state, and local codes to protect facilities and the environment.
- Not maintaining a neutralizer is equivalent to not having a neutralizer.

### EASY ROUTINE MAINTENANCE

- pH Power Pellets® refills are sold as individual kits and sized by JJM® model to ensure quick and accurate routine replacement - every time.
- pH Power Pellets® should be replaced at least every 12 months or when the pH level < 5.0.

JJM® products use our proprietary pH Power Pellets®, which are produced at our facility and whose formula has been developed over years. pH Power Pellets® are found exclusively in JJM® products.

pH Power Pellets® refills are sold as individual recharge kits for the (1) JJM® unit.

**⚠WARNING** Only pH Power Pellets® can be used in JJM® neutralizers. Any other media, such as limestone or marble chips, is strictly prohibited. Failure to follow these instructions completely voids the manufacturer's limited warranty and could cause a safety hazard, or substantial property damage. For information on pH Power Pellets®, including Safety Data Sheet, visit [www.jjmalkalinetech.com](http://www.jjmalkalinetech.com).

JJM® products are warranted against defects in materials and workmanship for one year. The warranty does not cover issues that result from misuse, improper installation, and/or failure to replace the pH Power Pellets® as instructed.
